

TRUXOR

MODEL	MAX WIDTH	MAX LENGTH	MAX WEIGHT	MAX CUT DEPTH	MAX CUT SPEED	ATTACHMENT CARRIER	DELIVERY
Truxor	2.06m	4.7m	1400kg	1.4m	5kph	Yes	4x4 & Trailer

This is a true amphibian that can track itself into and out of the watercourse, cut and collect the weed and then place it back onto the bank all without the need for any manual labour. Apart from being a weed cutter the Truxor is a tool carrier and can be used for a myriad of applications from dredging using a digging attachment or a cutter suction dredging head, heavy duty weed / reed cutting and even bank cutting.
